A common practice in our homes is to exhibit the talents of our children in front of relatives and guests, to ask them to perform and exhibit their talents and to display any trophies, certificate or medals that they may have won.

Similarly I take great pride in presenting before you the achievements of the school in since April 2018-19.

The year began in all earnest with mundane jobs like planning curriculum, distributing time table, designing year planner, school diary, report sheets, books and stationery to the complex one to set up a system which will be practically possible to be implemented.

Last year immediately after the summer vacation as of every year, we organised a week long workshop for the teachers... wherein the resource persons were the teachers. And each teacher presented a presentation on the topic that was provided to them.

A number of teachers have attended Good number of workshops for their professional growth that will help them understand children better and make the teaching learning more effective.

Ladies and Gentlemen : It's not only in the field of Academics and Games and Sports but also in the field of CCA that RPS has marked a niche for itself.

Throughout the year we have had a number of activities both in English and Vernacular for Junior and Senior like Inter-House Quiz, Debate, Elocution, Declamation and so on.

For the smooth functioning and better output the school has been divided into wings. The Pre-Primary – The Primary, The Middle School- The Secondary School and The Sr. Secondary School with Coordinators separate ones for each wing, we ensure the result will be visible by next year in March.

We are also expandingRPS will have more number of schools under its banner. We have also started the scheme to award scholarships/cash rewards to students for their excellence in the field of Academics, Games and other fields. This is sponsored by our Chairperson Mrs. Taru Kanwar.
